Lifetime Achievement Award

Each year the Providence Chapter of ASIS International strives to build our relationship with our partners in public safety. Our program Operation Cooperation brings Public Safety and private Security together to support the safety and security of our communities.

We also seek to recognize those who have gone above and beyond not only in their career, but with their support to our Organization.

The Providence Chapter of ASIS International is proud to honor Chief Jamie A. Hainsworth, with our Lifetime Achievement award.

From his start as a dispatcher for the Scituate Police Department in 1979, to joining the Gloucester

Police Department in 1980 and working his way through the ranks to become the Chief he has always served his community.

Jamie has worked with private Security to give us a seat at the table and to provide us valuable information to serve our clients throughout the State. In turn we assist Law Enforcement with

eyes and ears out in the field supporting public safety community.

In retirement he continues to serve our communities as Senior Victims Advocate & Law Enforcement Liaison for MADD, protecting our most valuable resource, our families against drunk drivers!

Public Safety Officer of the Year

Our award this year goes to Sgt. Michael P. Wheeler, a 21 year veteran of the Providence Police Department. He currently leads the Youth Services Bureau as the Sgt. in

charge of the Gang Intervention unit. As we all know this is a growing problem and takes the lives of many children each year across the Country. Mike and his team continue to work

hard to teach local youths to trust in the Police and find better ways to solve their problems without violence.

He speaks to many community groups to educate them on this

Public Safety Officer of the Year continued

Issue, it is important that everyone join in this battle to overcome this violence.

For the last 7 years this has been Mike's commitment, he attends Gang seminars and trainings throughout the Country to keep himself and his unit up to date on current trends.

He continues to work within the community also serving on the Board of

Directors for the Socio-Economic Development Center for Southeast Asians (SEDC)

He also coaches in local sports leagues to help support positive sports programs giving our local youth a safe and secure opportunity to grow!

With all these positive programs that Mike dedicates himself to, there are many to be proud of,

but we are sure there is one accomplishment that leads them all on his resume! The Proud Father of Dylan Michael Wheeler,

We at ASIS International want to Honor Mike for his commitment to our community, and to thank Dylan for sharing his Dad!

Honored Guest Speaker

For the past 18 years Rebecca Coburn CPP, CHPA has worked for Massachusetts General Hospital as a Security Operations Manager. Aside from managing the daily 24/hr operations of over 12 sites, including one that is the largest hospital based research centers in the world; she is active in many internal and external

committees/teams. She does extensive work on Workplace Violence Prevention and Conflict management- focusing on education and helping instill and environment of respect.

She has been an active member of ASIS for over 20 years serving on all Board positions. She has won two of the Boston

Chapters most prestigious awards, the Joseph E. Ewers and Sheldon Goodman awards.

She is the Security/Safety officer on the International Medical Surgical Response Team (IMSURT) who were the 1st American Medical Team to arrive in Haiti.

Scholarship Recipients 2010

The Providence Chapter of ASIS continues to raise scholarship funds every year for our future first responders. These students seek to in some way give back to their communities; many are in criminal justice programs

or serve as local volunteers in Fire/Rescue programs.

This year we are pleased to provide support to John Stewart Jr. and Andrew Bilodeau as they continue their education and

prepare to serve their communities.

Please contact the Providence Chapter if you know of someone who could use this valuable support.
